RE: REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) regulation compliance

To Whom It May Concern:

REACH Compliance Statement for Sensorex Products 970338 Rev. R: May 27, 2016

This document is Sensorex statement regarding EC Regulation 1907/2006, also known as REACH (Registration, Evaluation, Authorization, and Restriction of Chemicals).

Under the REACH Regulations, Sensorex is an **“Article Supplier”** that Exports Articles to the EU. As a producer of “Articles” Sensorex is affected by Article 7 (with the referenced Articles 57 and 59) and Article 33 of the REACH Regulation 1907/2006.

Article 7 “Registration and notification of substances in articles”

Sensorex’s Response: Sensorex’s sensors/probes do not contain any substances that are “intended to be released” during normal or reasonable conditions of use.

Sensorex’s sensors/probes do not contain any of the substances listed on the initial “Candidate List of Substances of Very High Concern” dated on October 28, 2008. This applies to Sensorex products manufactured after January 1, 2006. Including the REACH Candidate List of SVHC (168 Substances) and substances on List of Annex XVII (ITEMS F1-F40).

Article 33 “Duty to Communicate information on substances in Articles”

Sensorex’s Response: Sensorex’s sensors/probes do not contain any of the substances listed on the “Candidate List of Substances of Very High Concern” dated on October 28, 2008

In addition, we will keep our customers informed in the case that any substance of very high concern (SVHC) were to be present in a concentration of more than 0.1% weight/weight in any of our products.

Our intent is to continue to produce our products and sustain our business in accordance with the requirements of the REACH regulation. We have taken and continue to take all the necessary steps to ensure compliance. We will inform our customers upon demand of any relevant pre-registration information they may require.

A handwritten signature in black ink, appearing to read "Mark Reed".
